Application 07-04-028
(Filed April 30, 2007)

In the Matter of the Application of SOUTHERN CALIFORNIA EDISON COMPANY (U 338-E) for a Permit to Construct Electrical Facilities With Voltages Between 50 kV and 200 kV: Valley-Ivyglen 115 kV Subtransmission Line Project.

Application 07-01-031
(Filed January 16, 2007)

**ADMINISTRATIVE LAW JUDGE'S RULING
CONSOLIDATING PROCEEDINGS, DIRECTING SERVICE OF AMENDED
NOTICE OF APPLICATIONS, AND EXTENDING TIME FOR PROTEST**

This ruling consolidates Application (A.) 07-01-031, the application of Southern California Edison Company (SCE) for a permit to construct the Valley-Ivyglen 115 kV subtransmission line project, with A.07-04-028, SCE's application for a permit to construct the Fogarty substation project.

The applications concern facilities that, if approved, will be interconnected; the facilities are both intended to serve projected demand with the same Electrical Needs Area; and they are both located in the same geographic area. The applications therefore involve a single project for purposes of the Commission's environmental review pursuant to the California Environmental Quality Act and related questions of law and fact, and are consolidated pursuant to Rule 7.4 of the Commission's Rules of Practice and Procedure.

In order to apprise persons who were served notice of one application, but not the other, of both applications, this ruling directs SCE to serve an amended notice of the consolidated applications as required by General Order 131-D, Section XI, and extends the time for filing protests to the applications. SCE is directed to consult with Energy Division as to the form of the amended notice, and to serve the amended notice by no later than June 15, 2007. The time for filing protests is extended to July 16, 2007.

IT IS RULED that:

1. Applications (A.) 07-01-031 and A.07-04-028 are consolidated.
2. The time for filing protests to the applications is extended to July 16, 2007.
3. Southern California Edison Company (SCE) shall consult with Energy Division as to the form of an amended notice, and shall serve an amended notice of the consolidated applications as required by General Order 131-D, Section XI, by no later than June 15, 2007. SCE shall concurrently file proof of service of the amended notice.

Dated June 7, 2007, at San Francisco, California.
